Foreword

The Bureau of Infrastructure, Transport and Regional Economics (BITRE) monitors the punctuality and reliability of major domestic airlines operating between Australian airports. The purpose of this is to allow for evaluation of overall industry and individual airline performance, so that consumers of air travel can make informed decisions.

The following domestic airlines currently report this information monthly to the BITRE: Jetstar, Qantas, QantasLink, Regional Express, Tigerair, Virgin Australia and Virgin Australia Regional Airlines. Data has been gathered since November 2003, although some airlines commenced reporting at a later date, including Jetstar which first reported in May 2004, MacAir in July 2005 and Tigerair in April 2008. MacAir ceased operations in February 2009 and data was not received for December 2008 onwards. Virgin Blue was rebranded as Virgin Australia in May 2011 and Tiger Airways was rebranded as Tigerair in July 2013 and time series data in Microsoft Excel spreadsheet format on the BITRE website have been revised to reflect these changes. Virgin Australia Regional Airlines commenced operations in May 2013. It was formed after the acquisition of Skywest by Virgin Australia and represents a combination of operations previously reported under Skywest and Virgin Australia – ATR/F100 Operations. Services operated by Skywest on behalf of Virgin Australia using ATR/F100 aircraft commenced in November 2011 and were shown separately as Virgin Australia – ATR/F100 Operations until April 2013.

Information presented in this report is for Australian domestic routes for which the passenger load averaged 8 000 or more passengers per month over the previous six months and where two or more airlines operated in competition on those routes. There were 61 routes that met these criteria for all twelve months in 2015 and another 5 routes did so for a shorter period of the year. Over time, routes which meet these criteria change as airline networks and traffic levels vary.

Participating airlines report their overall monthly network performance where this is possible.

Total industry figures encompass all services operated by reporting airlines only. These airlines collectively carried over 95 per cent of total domestic passengers (regular public transport only) in 2014.

The method of capturing on time performance varies between airlines utilising different recording systems. Jetstar and Qantas jet aircraft use Aircraft Communication Addressing and Reporting System (ACARS) to electronically measure on time performance. Regional Express, Tigerair, Virgin Australia, Virgin Australia Regional Airlines and the Qantas non-jet fleet record on time performance manually using records from pilots, gate agents and/or ground crews.

After initial data is collected, aggregate reports are audited internally by participating airlines prior to publication.

Reports and detailed time series data in Microsoft Excel spreadsheet format are available from the BITRE website at: <http://www.bitre.gov.au/statistics/aviation/otphome.aspx>.

Industry performance

For the year ended December 2015, on time performance over all routes operated by participating airlines (Jetstar, Qantas, QantasLink, Regional Express, Tigerair, Virgin Australia and Virgin Australia Regional Airlines) averaged 86.0 per cent for on time arrivals and 87.0 per cent for on time departures. Cancellations represented 1.6 per cent of all scheduled flights. The equivalent figures for 2014 were 84.3 per cent for arrivals, 85.8 per cent for departures and 1.5 per cent for cancellations.

The figures for 2015 were above the long term average performance for all routes (82.6 per cent for arrivals and 84.1 per cent for departures). The rate of cancellations was higher than the long term average of 1.4 per cent.

Virgin Australia achieved the highest on time arrivals among the major domestic airlines at 89.3 per cent, followed by Qantas at 88.6 per cent, Tigerair at 83.0 per cent and Jetstar at 80.3 per cent. Regional Express was the best performing regional airline for on time arrivals at 85.3 per cent, followed by QantasLink at 85.2 per cent and Virgin Australia Regional Airlines at 84.2 per cent. The Qantas network (Qantas and QantasLink combined operations) recorded 86.9 per cent for on time arrivals while the Virgin Australia network (Virgin Australia and Virgin Australia Regional Airlines combined operations) recorded 88.4 per cent.

Virgin Australia also achieved the highest level of on time departures for 2015 at 90.8 per cent, followed by Qantas at 89.6 per cent, Tigerair at 84.6 per cent and Jetstar at 78.2 per cent. The regional airlines were led by Regional Express at 88.2 per cent, followed by QantasLink at 86.7 per cent and Virgin Australia Regional Airlines at 85.7 per cent. The Qantas network recorded 88.1 per cent for on time departures while the Virgin Australia network recorded 89.8 per cent.

QantasLink had the highest percentage of cancellations (2.5 per cent) during 2015, followed by Jetstar (2.1 per cent), Virgin Australia Regional Airlines (2.0 per cent), Virgin Australia (1.5 per cent), Qantas (1.1 per cent), Tigerair (0.9 per cent) and Regional Express (0.3 per cent).

Airlines' on time performance varies across the routes they serve. Individual route data by specific airline for 66 routes are shown on pages 9-21.

Of the 61 routes which met the criteria for on time performance reporting for all 12 months in 2015, the Newman-Perth route had the highest percentage of on time arrivals (94.9 per cent) and the Brisbane-Mount Isa and Perth-Newman routes had the highest percentage of on time departures (both at 95.4 per cent). The Port Macquarie-Sydney route had the lowest percentage of on time arrivals (66.4 per cent) and the Sunshine Coast-Melbourne route had the lowest percentage of on time departures (73.3 per cent).

Cancellations were highest on the Canberra-Sydney route at 5.3 per cent, followed by the Moranbah-Brisbane route at 5.2 per cent, the Sydney-Canberra route at 5.1 per cent, the Brisbane-Moranbah route at 4.9 per cent and the Gladstone-Brisbane route at 3.5 per cent.

Newman Airport recorded the highest percentage of on time arrivals (94.8 per cent) and the highest percentage of on time departures (95.3 per cent). Port Macquarie Airport recorded the lowest percentage of on time arrivals (72.6 per cent) and the lowest percentage of on time departures (73.8 per cent). These figures only refer to reported routes and do not cover all flights at these airports.

Table 1 On time performance for the year ended December 2015 — Total Industry

Total industry on time performance

Figure 1 On time performance (by month from December 2010)—Total Industry

Figure 2 Cancellations (by month from December 2010)—Total Industry

Major domestic airlines on time performance

Figure 3 On time performance (by month from December 2010)—Jetstar

Figure 4 On time performance (by month from December 2010)—Qantas

During October 2011 there were disruptions to Qantas services on several days due to industrial disputes and the entire fleet was grounded for nearly 48 hours at the end of the month.

Figure 5 On time performance (by month from December 2010)—Tigerair

No data for Tigerair for July 2011 as it was grounded by CASA from 2/7/2011 to 11/8/2011.

Figure 6 On time performance (by month from December 2010)—Virgin Australia

Major regional airlines on time performance

Figure 8 On time performance (by month from December 2010)—Regional Express

Figure 9 On time performance (by month from December 2010)
Virgin Australia Regional Airlines

Virgin Australia Regional Airlines commenced operations in May 2013. It was formed after the acquisition of Skywest by Virgin Australia and represents a combination of operations previously reported under Skywest and Virgin Australia – ATR/F100 Operations.

Individual routes

On time performance is reported for all routes where the passenger load averages over 8000 passengers per month over the previous six months, and where two or more airlines operate in competition on those routes. There are now 66 routes which meet this definition. Over time, however, routes which meet this definition may change as airline networks and traffic levels vary.

Airports

On time performance is reported for all routes where the passenger load averages over 8000 passengers per month, and where two or more airlines operate in competition. The following data reports by airport against flights operated on those routes only. This year, 8 major city airports and 33 regional city airports are covered.

Airport	Arrivals			Departures		
	Sectors	On Time		Sectors	On Time	
	Flown	No.	%	Flown	No.	%
Adelaide

Definitions

On time arrival	A flight arrival is counted as "on time" if it arrived at the gate before 15 minutes after the scheduled arrival time shown in the carriers' schedule. Neither diverted nor cancelled flights count as on time.
On time departure	A flight departure is counted as "on time" if it departs the gate before 15 minutes after the scheduled departure time shown in the carriers' schedule.
Cancellation	A flight removed from service within 7 days of scheduled departure is regarded as a cancellation.
On time departure percentage	The percentage of on time departures is measured against the number of departures <i>operated</i> on any particular sector.
On time arrival percentage	The percentage of on time arrivals is measured against the number of arrivals <i>operated</i> on any particular sector.
Cancellation percentage	The percentage of cancellations is measured against the number of services <i>scheduled</i> on any particular sector.
