Acknowledgements

This publication was produced by the Bureau of Infrastructure, Transport and Regional Economics' Regions Research team, and was compiled by Mari Adams, Lucy Williams, Ellie Deamer, Dr Karen Malam, Darren Wheatley, Kyle Thomson and Rochelle Ball.

The Department of Infrastructure and Regional Development would like to acknowledge the significant contribution made by the Australian Bureau of Statistics (ABS), which constructed many of the indicators contained in this edition. In addition, we wish to acknowledge comments and suggestions to improve the Yearbook, made by state and territory Governments, other Australian Government agencies, research institutions and business organisations.

Foreword

This is the fifth edition of the *Progress in Australian Regions – Yearbook*.

This edition provides updated information on previous Yearbooks (where available), to provide a consistent measure of progress in Australia’s regions over time.

This data will be available on both the Australian Government data site (data.gov.au) and the Bureau of Infrastructure, Transport and Regional Economics website (bitre.gov.au), to provide easy access – including data by Local Government Areas (LGA). We anticipate this will be a useful tool for those analysing change at a range of geographic scales.

We trust that this edition continues to be of value to regional stakeholders around the country.
